TEACHER TRAINING IN THE
DOMINICAN REPUBLIC

TEACHER, DISCIPLE, LOVE-MULTIPLIER

*Your gift of love is still multiplying
in Belkis' community*

You have love in your heart. You have a passion to teach. But... you just don't know how to express them. You're missing some tools and techniques.

Not anymore for Belkis, a teacher in the Dominican Republic. She recently attended a workshop all about how to put herself and her students in God's big story. How to equip her students as agents of transformation. And what was the result?

"This training... has been a great blessing for my life, and for my team, and other members of my educational community and even for my church."

Can you believe it? When you supported teacher training, you were helping Belkis multiply her love and learning.

***This training has
been a great
blessing for my***

Thank you for showing Belkis God's love. Now, thanks to that love, she says: "I know my role better in the history of God's world. **My work has taken a turn that directs me to respond as a disciple of Jesus.**"

*Belkis always had
a reason to smile.
Now, it carries on
because she has
your support for her
teaching career.*

STUDENT TUITION BURSARIES IN ZAMBIA

FROM YOUR HEART TO HIS

*Your love and kindness are warming
Gibson's heart and changing his future.*

All the way from a small village in rural Zambia, Gibson has a message for you:

"I am writing to you in order to warmly appreciate the support which you have given me through CCAP [EduDeo's partner in Zambia]. I was so delighted... **This was a great and amazing moment in my life. The help given to me has positively changed my life.**"

***"I was so delighted...
This was a great and
amazing moment
in my life."***

You see, Gibson's family couldn't afford school anymore. He had to drop out for a couple semesters. But then, you showed your love in a tangible way. You gave a gift so Gibson and his peers could go to school. It meant the world to him. Just listen:

***"This gives hope to the hopeless child like me
and provides hope for a better tomorrow."***

A better tomorrow to help others like himself. That's what Gibson wants to do with his future: he wants to be a role model for others. He wants to make sure no more kids have to go without an education and a better future.

Thank you for doing a small thing for Gibson. It grew to be a big display of love to kids all across Zambia!

*Students at Gibson's school
now have him for a role model.
They'll learn from his example to
help others who struggle.*

**In May 2023, generous Canadians like you
ran, walked, biked, and moved for EduDeo
GO... and for tuition bursaries! Together, they
raised over \$17,600 for students like Gibson!**

SKILLS TRAINING IN BURKINA FASO

THANKS FOR THE CHICKENS!

Your generosity provided chickens and made dreams come true!

It's an egg-cellent time to be a young farmer in Burkina Faso!

Thanks to your generosity and care, student farmers and their chickens are growing by leaps and bounds. At Inter-African Missionary Action College in Neguéni, Burkina Faso, chicken farming is a great way to equip students with lifelong skills.

University isn't for everyone. Whether that's because of individual gifts or the unattainable cost, many students need alternate options after graduation.

Enter the chickens (and you)!

Now, students can learn a hands-on skill, feed their family, pay for schooling, learn how to run a small business, and look forward to a better future.

All because you said, "Yes, I have a dollar to buy a chicken for a student."

Thank you for the chickens. But really, thank you for the love and care.

You + generosity + God's love = chickens for Daouda and his classmates.

The henhouse at Neguéni school is full of excitement thanks to you.

Lamine can't keep his smile in! He's one excited young farmer!

WE CAN'T DO IT ALONE, WE NEED EACH OTHER

Will you stand beside your brothers and sisters in Rwanda?

Think back to the beginning of your career. Who were the people who said, "I'll come alongside you so you can grow. I'll be there for you."

Maybe that one person was so influential for you that you still think of them today. You still consider them a defining figure in your career (and even life).

You can be that person for an emerging leader today.

Right now, we have new partnerships that are just getting off the ground in Rwanda, Malawi, Uganda, and Indonesia. Just this past February, 55 educators and leaders of Christian Schools Rwanda (CSR) met for a workshop on growing healthy organizations.

It was hard work. They have a long way to go. But they are inspired. "Attendance was amazing! People responded positively. The profile of CSR was heightened," said Fred and Stephen, CSR board members.

Will you help this amazing work continue? Make a gift today to come alongside emerging leaders and take their organizations to new heights.

Will you come alongside emerging leaders around the world? They have passion and skill, but they could really use your support too.

VOLUNTEERS NEEDED

Are you a professional working in Christ-centred education? Do you have a heart for seeing others grow? Can you give of your time and expertise to lead workshops and mentor your peers internationally?

You could be just what emerging leaders need.
